From The D.C Tumkur D&L

No A6 C 2188/41 2 & 17 6 1942 forwards for Sanction an estimate for Rs 7060/ for improving water Supply to Kumgal Town by harnessing the Padmeshwara well at the place

The estimated Cost of Rs 7060 for the improvement of water Supply by harnessing the Padmeshwara well at the place is proposed to be met by Govt and the local Municipal Council in equal proportions,

The Govt share of the Cost may perhaps be met out of the W S Grant for 1942-43 as there is no reserve left under the W & S grant during the current Year The Municipal Council request the grant of a loan of Rs 3530/- in order to enable them to meet their Share of the Cost

The balance of water Supply loan granted to the Mnl Council in G O-D 16/6/36 Yet due from the Kumgal Town Mnl Council is stated to be Rs 3200, a sum of Rs 4800 having been paid by the Mnl Council

The fresh loan of Rs 3530 is proposed to be amalgamated with the balance of Rs 3200 in accounts of the old W S loan the

A scheme of water supply was sanctioned to the Kurunegal Town Mpl in the year 1926 at a cost of Rs 10,688/-, the Mpl contributing a sum of Rs 8188/- and the Govt a sum of Rs 2500/-. A loan of Rs 8000/- was also given to the Mpl to meet its share of the cost. Out of this amount the Mpl has already discharged a sum of Rs 4000/- & the work has been completed.

As the Municipal Council consider that the needs of the Town cannot be met adequately they have suggested the lowering of the Padiwewwa well to improve the water supply. An estimate for Rs 7060 has been prepared

Sanction is sought to the following proposals in this behalf

1) Sanction to the estimate for Rs 7062

2) Meeting the cost in equal proportion by the Govt & the MLB

3) Payment of a loan of Rs 3530 to the MLB to meet the municipal share of the cost

4) Amalgamating the previous loan of Rs 3200/- with the above loan of Rs 3530 or granting Rs 6730 as a fresh loan to be repaid in seven annual instalments

It is seen from the G.O. dated 14.6.36 that the previous loan carries interest at ~~4½%~~ 5% At present loans are advanced to MLBs at 4½%. Hence the first loan will have to carry ½% more On the point of annual payment & of the rate of interest, the financial Secy may be consulted

The estimate may perhaps be sanctioned the Govt & the MLB meeting the cost in equal proportion the Govt share of the cost Rs 3530 will be met out of the water supply grant for 1942-43

The financial condition of the MLB for 1942-43 is as follows —

	Total income	Total Expdre	Closing Balce
	Rs 23169	16725	6444
Normal income	Rs 17692	Normal Expdre	13555

Subject - Improvement of the water supply in Kunigal Town

In forwarding herewith, in original, the entire file of connected records received from the President, Town Municipal Council, Kunigal, on the above subject, I have the honour to state as follows -

The President states that the grant of a loan of Rs 8,000/- was sanctioned by Government in their order No L 4955-7/Ml 304-32-88 dated 14-6-1936 for the water supply scheme of this town, repayable in ten annual instalments and that sum of Rs 4,000/- has so far been repaid towards principal and interest As the present water supply is inadequate to the needs of the Town, the Sanitary Engineer who was requested to suggest proposals in this behalf, has suggested that the Padmeswara Well might be harnessed as the water has been tested by that Department, and he has accordingly sent an estimate for Rs 7,060/-

The Municipal Council have, at their meeting held on 29-11-41, resolved that after the repayment of the current years loan instalment of Rs 800/- the balance would be Rs 3,200/- They further want half the cost of the scheme, viz, Rs 3,530/- as loan from Government as they have not got sufficient funds at the credit of the Municipality to meet their quota and that the other half be met by Government grant.

They request that the balance of the previous as well as the present amount required as loan may be amalgamated and a fresh loan be given repayable in seven annual instalments and that the provision higherto made for the repayment of the loan with interest and the amount that would be available out of the savings effected under "Contribution towards the primary Education" to the extent of Rs.260/- would be ear-marked towards the repayment of the fresh loan, if sanctioned, since the additional education cess is separately levied as directed by Government

I request that sanction of Government may kindly be obtained to the proposal of the Council and to the grant of half the cost of the Scheme as water supply Grants

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Tumkur District
